

A Shopping List for Returning to the Bench

With labs reopening their doors as shelter-in-place measures are lifted from COVID-19, Corning Life Sciences is here for you as you return to the bench.

To help ease the transition back to the lab, we have developed a comprehensive product shopping list with popular products. With lab safety top of mind, the shopping list includes consumables to replenish stock, reagents with expiration dates, and benchtop equipment to be mindful of social distancing practices.
